ALAEDDINE BENKESSIRAT

Web Developer

PERSONAL DETAILS

alaaben0810@gmail.com, +213 663 08 69 39
Website: alaaben.vercel.app

SKILLS

HTML & CSS	JavaScript & TypeScript
React & NextJS	TailwindCSS
NodeJS & ExpressJS	MongoDB / Mongoose
Git & GitHub	

PERSONAL PROJECTS

Bug Tracker

A project management app that's intended for use as an internal tool within an organization

- Utilized the MERN Stack to make a fast and efficient single page application
- Implemented project management functionality, allowing users to create projects and assign team members to them.
- Implemented authentication and authorization using JSON Web Tokens (JWT) to securely authenticate users and manage their access to different parts of the app.

Bakery E-commerce

An intuitive website designed for a baker to showcase and sell their products while keeping track of orders and managing them

- Implemented ecommerce functionality, allowing customers to browse and purchase products directly from the website.
- Utilized NextJS to achieve Server Side Rendering (SSR) and better optimize SEO
- Integrated image upload capabilities using Cloudinary, enabling the baker to easily upload product images.
- Incorporated localization features using the Mapbox API, providing users with location-based information and enhancing accessibility.
- Added order management features, allowing the baker to track and manage incoming orders efficiently.

Both projects can easily be accessed from my **portfolio** : alaaben.vercel.app
